

AgriTrade

About Agritrade

Agritrade is a trading company established in 1979 (formally known as Hagrpotra). Our headquarter is located in Cairo, Egypt. Agritrade Principles have accumulated trading expertise in fertilizers, chemicals, and minerals along with an international network that is considered the solid base for our future projected growth. We continuously pursue to expand our products, as well as our customer base.

Our history, Agritrade worked in the fertilizers business since 1979 with Société Commerciale de Produits Agricoles (SCPA) In France and K+S Group in Germany. We have been exporting fertilizers since 1992 in Urea and Ammonium Nitrate, selling products through our networks in Italy, Greece, Spain, England, Ireland, and France.

Our Vision & Mission

Vision

Our Vision is to be a leading competitive global shipping and logistics company, setting high-level standards in the industry. A company whose employees and partners identify themselves with its goals and values.

Mission

Our Mission is to continuously provide our customers a competitive advantage through international transportation and logistics services, which will meet and exceed our customer's expectations of service

Our SERVICES

- **Product Sourcing:** We source products from a variety of manufacturers, wholesalers, and suppliers, both domestically and internationally. We often establish long-term relationships with suppliers to ensure a steady supply of goods.
- **Market Expertise:** Our extensive knowledge of different markets allows us to identify the best products and suppliers to meet customer demands.
- **Market Research:** We conduct thorough market research to identify demand for specific products, assess competition, and determine optimal pricing strategies.
- **Logistics and Supply Chain Management:** We handle all aspects of logistics and supply chain management, including inventory management, transportation, warehousing, and distribution, to ensure timely delivery of products to customers.
- **Quality Assurance:** Maintaining product quality is a top priority for us. We implement rigorous quality control measures to inspect products before they are shipped to customers, ensuring customer satisfaction and preserving our reputation.

Our PRODUCTS

Distinguished by our global reach and unrivaled industry knowledge, we proudly offer an unmatched portfolio of essential chemicals, fertilizers, and minerals to customers around the world. Our precisely sourced and expertly handled products ensure we can fulfill the unique requirements of industries across the globe, from critical inputs to cutting-edge agricultural solutions. Dedicated to delivering exceptional value, reliability, and personalized service, we are the global partner you can count on.

- Prilled Urea
- Sulfate of Potash (SOP Powder & Granular)
- Ammonium Sulfate (Amsul)
- Chemical blend NPK fertilizers
- Rock Phosphate
- SSP - Single super phosphate
- TSP - Triple superphosphate
- DAP - Di-Ammonium Phosphate
- Ammonium Sulfate
- Potassium Sulfate SOP

Chemicals

- Sulfur
- Sulfuric Acid
- Phosphoric Acid
- Caustic Soda flakes
- Hydrogen Peroxide
- Calcium Chloride
- Phosphoric Acid 52%
- Ammonium Nitrate

Minerals

- Potash
- Salt
- Silica Sand
- Talc
- Ilmenite Ore
- Calcium Carbonate

OUR CLIENTS ALL AROUND THE WORLD

As a leading trading company in fertilizers and industrial chemicals, we proudly work with an extensive network of partners across the world. From Asia to Europe, Africa to the Americas, our trading relationships span over 70 countries, including powerhouses like China, India, and the United States, as well as emerging markets such as Vietnam, Pakistan, and several nations in Africa. This global reach allows us to source high-quality products, ensure reliable supply, and deliver solutions tailored to the diverse needs of our customers worldwide.

Our partners in Asia include giants like China and India, as well as rapidly developing economies such as Indonesia, Bangladesh, and Vietnam. In Europe, we collaborate with both established players and rising stars, from the UK and Germany to Poland and Bulgaria. Across Africa, we have forged connections with countries like South Africa, Kenya, and Nigeria, tapping into the continent's immense agricultural potential. And in the Americas, our network extends from Canada and the United States down to Argentina and Brazil.
